Cat. No :

Type :

Notes :

Volts :

Description:

The **NTALB-01** LED bar design provides a unique lighting solution combining style, performance and durability in a narrow strip.

Housing:

The **NTALB-01** is a high precision extruded anodized aluminum bar that can accept a LED linear source from normal to medium power.

Mounting:

Mounts directly on surface or within a recessed section

FC Fixed clips (set of 2)

SC Swivel clip for gypsum, wood or other material.

Application/Installation:

The **NTALB-01** LED bar can be installed, for up, or down applications, even combining up-down lighting with different light ratios. Ideal for cabinets, furniture, alcove.

Voltage:

12 VDC
24 VDC

Electrical and Electronics:

High quality diodes tested (LM80) and certified life cycle for 60,000 hours (L80)

All certified electrical and electronic components have been re-tested over the years for compatibility within products and for specific applications. All products exceed current standards.

Power supply not included, consult factory. Consult the LED specification sheet for the appropriate optional dimmers and controls combination for your project.

Homologation:

Conforms to ANSI/UL standard UL-2108
Certified to CAN/CSA standard 22.2-9.0
